The Transition Times

MCC's Pastoral Search Committee News and Updates

... from the desk of Don Crawford,
Millarville Transitional Coach

PSC Newsletter Launches with Almost Regular Updates for Millarville Community Church

Don here with a commitment to do our level best to keep the PSC's communication flowing as we work our way through MCC's pastoral transition. With lots of moving parts - meetings, Zoom calls, my monthly visits from White Rock - we don't want anyone left out in the dark. This will be our attempt at up-to-date and current timelines and developments. The easiest way for you to keep the big picture in mind will be to keep that Transitional Arc graphic close by to refer to. Thanks everyone ... *dlc*

Look for Pastor Barry at the MCC Talent Show tonight.

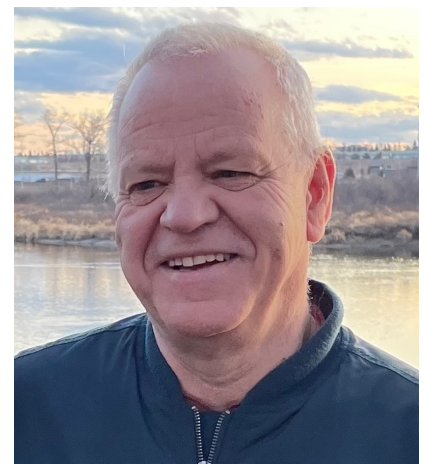

McAuley's Corner ... and now a word from Pastor Barry, our Transitional Pastor.

Hi everyone, I'm glad to be here settling in as your Transitional Pastor. It's been great working alongside Don Crawford. I appreciate his wisdom in knowing how to lead a church through this process. And I'm enjoying starting to slowly get to know a few more of you.

Right now I'm in more of a listening stage, trying to become more familiar with the present picture of this church. Each church is unique and this means that we need to constantly seek God's direction as we head into a future that he already knows about.
